GRIMMER WINS BOARD JOB

Well Dispute Pits Farmers Vs. Water Men

Newark farmers and the Alameda County Water District were embroiled this week over a well the utility has sunk west of Newark.

"It's taking our water away. Pretty soon the salt water will come in and ruin our crops," say John A. Calles, L. J. Milani and F. A. Brown, spokesmen for a group of worried ranchers.

"We're watching it. If the farmers' wells are affected, we'll curtail operations," replies Matt Whitfield Jr., manager for the utility.

The well in question is on land owned by Joseph Soito at Haley and Mayhew Landing Roads. It was leased by the district some time ago, and a 50-horsepower pump was installed. Now, Whitfield admits, it supplies "about 75 percent" of Newark's domestic water needs.

"Since they started pumping, the water level in my well has sunk 20 feet," complains Milani. "The district blames it on the chemical works, but they've been there for 17 years and this never happened before."

Milani was especially bitter over what he termed an unfulfilled promise by the district "to give us a contract that they'd stop pumping if the water level dropped 15 feet."

"That pump on the Soito place goes 24 hours a day," he concluded. "We're hiring a lawyer. Beets can't live on salt water."

CLOTHING DRIVE NETS 3 TONS

More than 6000 pounds of warm clothes for Korean refugees left Niles Tuesday, climaxing a clothing drive conducted earlier this month by the Rotary Club.

Collected by school children as well as by the service clubbers, the items will be distributed abroad by the American Friends Service Committee. They were taken to San Francisco by truck.

E. C. Parks, chairman of the drive, and Richard Nicklasson, Rotary president, thanked Townshippers for their contributions.

Too Late For Another Election; Trustees Seek Spots To Lop \$90,000

High school teachers and students tightened belts in Centerville this week and faced at least a year of "austerity" as a result of last Friday's defeat of a 50-cent school tax increase at the polls.

WATCH PRIZES FOR WUHS GRADUATES

A boy and a girl graduate of Washington Hi this year will have time on their hands, as a result of an award announced today by Michaels Credit Jewelers, Centerville.

Harry Fineberg, owner of the shop in the Center Theater building, will wind an 8-day clock in his store window tomorrow (Friday) at 4 p.m. Around the dial will be names of boy and girl graduates. Where the minute hand stops some eight days later will determine who wins the 21-jewel Bulovas.

SIREN TEST HERE FRIDAY, MONDAY

The Township's new civil defense sirens will wait tomorrow (Friday) in a demonstration designed to test both the sirens and their wiring systems.

Announcement of the test came today from Lt. Stanley Peterson of the Alameda County Sheriff's office.

Lt. Peterson said all five sirens — except the one near Irvington — will blast out at 10 a.m. Controls now are located in fire stations at Niles, Newark and Decoto, and in the sheriff's substation.

Scheduled for Monday, May 31, at 10 a.m. is a general test of all sirens including those on firehouses, Peterson said.

Installation of attack-warning systems, controlled from the Air Defense Command in Hamilton Field, has been finished in several local firehouses.

PAULSEN SPEAKER

Doctor O. B. Paulsen, candidate for superintendent of schools will be a guest at tomorrow's meeting of the Alameda County Association of Firemen at Decoto. Chief Roland Bendel is host.

Township voters buried the requested boost by a 1521-1418 margin in balloting which included about one-third of those registered.

Today Washington Union High District Supt. J. V. Goold said he is meeting June 1 with his trustees to figure out where cut-backs can be made next school year without crippling the educational program for an expected 1300 students.

Goold ruled out the possibility of another election after talks Monday with county officials in Oakland. He said the earliest vote would be August 2, three days too late for the deadline for getting increases to the County Assessor's office.

It was the first time in more than 30 years that a school proposal had lost here. Bonds for the present high school were defeated during the administration of Supt. George W. Wright, but were later passed at a reduced figure.

Goold said he is faced with the need for cutting some \$90,000 out of his 1954-55 budget of \$510,000. He declined to say what he will recommend until after the trustee meeting.

However he said that he has signed contracts with eight new teachers, hired recently to handle anticipated increased enrollment. Whether more maintenance men can be hired for the new buildings is problematical, he said. So is the issue of a pay raise for present teachers.

"Cutbacks will be made in the area of added school services which the district has been providing for many years," the educator went on.

"Every effort will be made to maintain the basic core of the educational program. Every possibility of economy will be explored to avoid lowering the standard of secondary education in the Township."

In Friday's voting, only Centerville, Decoto, Mission San Jose and Newark gave the tax favorable margins. Totals ran:

	YES	NO
Alvarado	32	43
Alviso	34	82
Centerville	229	191
Decoto	334	332
Irvington	244	275
Mission SJ	79	74
Newark	188	179
Niles	259	299
Warm Springs	19	46

Decoto's 2-vote edge was caused by a 96-7 "yes" vote at the Masonic Home, and one of 112-84 at Hillview Crest.

W.P. Puts \$1,585,000 On Niles Line

In preparation for the heavier traffic which will be handled when the new Ford assembly plant at Milpitas is opened for business next fall, the Western Pacific's Niles-San Jose line is being almost completely rebuilt, the railroad announced today.

Between Niles Junction and the new \$1,200,000 W. P. yard at Milpitas the embankment is being widened and the main track realigned at a cost of \$125,000. The old 75-lb. rail is being replaced with 112-lb. steel clear through

to San Jose at a cost of \$200,000. To expedite operations on the San Jose line, Centralized Traffic Control is being installed and all signals and switches except those in the switching yard, will thus be operated electrically by the dispatcher at Sacramento.

A direct telephone line connecting with the W. P. switchboard has also been installed.

Cost of the CTC and communications systems will be about \$600,000, making a grand total for the yard and main line improvements of \$1,585,000, officials said.

PARRY SAYS FIRE REPORT WITHHELD

Jack Parry, persistent champion of civil service for Niles firemen, this week charged the local fire commission with suppressing a report favorable to the issue.

Parry told the Niles Chamber of Commerce the commissioners ordered a report on the feasibility of merit-system hiring from Attorney Gene Rhodes, promising publicly that they would institute it if Rhodes' report was favorable.

"But they got the answer in private and they are holding it back, hoping to let it die slowly," Parry claimed.

He added "at least two commissioners" are under "heavy pressure" from neighboring departments to block the merit-system.

Two paid firemen are slated to be hired by July 1, and Parry said this now has been increased to three — "a chief, an assistant chief and one fire-fighter — two generals and one private." He also implied the candidates already have been picked.

Two commissioners, Tony Alves and John Brahmst, were present at the chamber luncheon, but neither spoke. The chamber already has endorsed a merit-system in principle.

Parry concluded his argument by declaring the commission has failed to publish its new budget as scheduled in May.

"The last one contained a padded item of eight or nine thousand dollars," he charged. "I want to see if they're going to hire this extra fireman out of another such item."

High light of the trip was a demonstration by a group of Frogmen, who showed how they operated under water and let the boys try out some of their equipment. The Frogmen, all war veterans have formed a club with headquarters at Monterey; they made the trip to Los Mochos especially for this camp.

WASHINGTON ENDS SEASON WITH 5-3 LOSS TO MT. VIEW, TIFF WITH UMP

A disputed call by the umpire in the seventh inning cost the Washington High nine their game last Thursday to the Mt. View Eagles, 5-3, in 9 innings.

The Huskies brought their season to a close with a 2-5 mark in league play.

The Malemutes, behind the hurling of Bob Hird, held a 3-2 lead going into the top of the seventh. The Eagles had a runner on second base with two down when centerfielder Bill Benevento slapped a line drive to third

sacker Don Santos. Santos caught the ball, then dropped it and the umpire called it a live ball. Santos picked the ball up and threw to first where Bellati apparently tagged Benevento, but the umpire called Benevento safe and it was a tie game.

Head mentor Gene Johnson squawked on both decisions, claiming Santos had possession long enough, and that Bellati had tagged Benevento, but it was all in vain.

The Eagles scored the winning runs in the ninth on a passed ball by Danario Rodarte and an error by Hird.

The Huskies had taken a 2-1 lead in the fourth on singles by Al Hernandez, and Rodarte, a walk and an error.

The out of towners tied it up in the fifth, then Husky Don Santos led off with a single, stole second, and moved to third on a ground out. Centerfielder Bill Waters drove Santos in with a fly ball.

MISSION SAN JOSE

By TEDDY PEREIRA

ALVIN FELECIANO will think twice before he messes around with hot tar again. Poor kid really received a badly blistered hand.

THERE really wouldn't be space to list all the guests who attended the lovely house warming extended, to Margaret Phillips Saturday night.

NOW that Frank Vieth has a new motor boat we'll be hearing some tall fish stories. Frank with a group of friends had a good day Sunday fishing at Franks Tract.

MR. AND MRS. A. Schneider and Rosemary thoroughly enjoyed the Kimber Music Award Sunday.

KIND OF RITZY, Mary Rodrigues? Parking at the Statler Hotel in Los Angeles? Mary represented our local Catholic Daughters of America on their trip.

A DAY at the beach was enjoyed by Helen Santos, the Harvey family and the Bravach family.

THE NEW duplex opposite the Aust home was purchased by a Mary Clapham.

WE DON'T MIND your making a flying visit to North Lake. See Frank Rose, but be sure fly right back.

HOW NICE for the Larry Thompsons as Flo's parents Mr. and Mrs. F. J. Windas of Eagle Rock have been spending several days with them.

EVEN THOUGH you feel "birthdays are just for the kids Verna Mc Bride, I happen to know you had a very happy one.

FOR GOODNESS SAKE take care of that leg of yours Ann Williams Ann was severely injured in her place of business and is under a doctors care.

UP THE RIVER now don't take that literally but Rose and Roscoe Whiteside spent three days at their summer home on the Russian River.

SOMETHING to look forward to as Miss Olive Hyde informs me in the very near future her beautiful Oriental display will be on hand in the building adjacent to the gift shop. Donald Meyers recently discharged from the Navy, will be in charge.

Michael Santos had a gala birthday Saturday turning seven. Guests were Claire and Janeen Telles, Gary Nagata, Tommy Quaresma, Florence Nixon, Gary and Cynthia Justus, Bill Williams and sister Diane.

Florence Herr and daughter Sandra of Oregon are here now to spend the summer with Ben and Belle Tommerdahl.

One just cannot find the right words to express our feelings about the loss of our swell little guy Joe Rose.

CONSIDER HIS RECORD...
Alameda County is one of ten school systems cited as excellent in the *Saturday Evening Post*, March 13, 1954 (page 166). The high rating was given in a nation-wide study of 500 school systems by Dr. Emmett A. Betts, national authority on the teaching of reading.
Dr. Hollis L. Caswell, President-elect, Teachers College, Columbia University, devoted a full chapter to Alameda County in his latest book, *Curriculum Improvement in Public School Systems*.
The School Districts of Alameda County have praised the leadership and the services of the County Superintendent of Schools. (*Services Evaluation Study*, February, 1954.)

NILES MAN'S JOB TAKES HIM TO OAKLAND AIRPORT

Niles has a pilot representative at the Metropolitan Oakland International Airport in the person of Dick Burgess, 36, 772 Third Street, Niles, who is a pilot with Pacific Aircraft Sales.

Burgess, who has had a long career in flying, was born in Alberta, Canada, but came to the United States when he was six years old. He lived in eastern Oregon and graduated from high school there.

Several years later he went to work for the Steel mill at Niles for four years. He took flight training at Phoenix, Arizona, and acted as a flight instructor at Reno, Prescott, Phoenix and Tucson, before he went to the Navy as an aviation pilot. Following additional flight training at Olathe, Kansas, he became a flight instructor at the Naval Air Station at Glenview, Illinois.

Following his discharge from the Navy in December 1945, he became flight instructor at Laytonville, Mendocino County, and then flew for a saw mill company for a period of six months. He then came to Oakland as a pilot for the Jack Foster Construction Company and the Pacific States Savings and Loan Company in San Francisco. He has been with Pacific Aircraft Sales, Beechcraft distributors, for the past three and a half years. He is married, and the father of a daughter, 9, and a son, 6 years old.

Burgess is buying his home in Niles and finds no hardship in commuting between Niles and the Airport.

The first Atlantic cable company was organized May 6, 1854, by Cyrus W. Field.

Miller Committee Named For South

Congressman George P. Miller will sponsor a competitive examination to qualify candidates to appointments at West Point and Annapolis. The examination will be held under the supervision of the United States Civil Service Commission on July 12 at a place to be determined later.

Regulations of both the Naval Academy at Annapolis and the Military Academy at West Point provide that an appointee must have reached his seventeenth year but not his twenty-second by July 1, 1955.

Young men desiring to take the qualifying examination should address Congressman George P. Miller, Room 506 House Office Building, Washington, D. C.

Mary Maciel Weds Lawrence Boyle Here

Holy Ghost Catholic Church in Centerville was the setting for the wedding on May 20 of Mary Therese Maciel, daughter of Mr. and Mrs. Antone Maciel, Centerville, and Lawrence Boyle son of Mr. and Mrs. John Boyle, Minneapolis, Minnesota. Father Vincent Breen performed the ceremony at a Nuptial High Mass.

The bride, escorted to the altar by her father, wore a blue lace suit with white accessories, and carried a white prayer book and orchid corsage.

Mary Lou Thomason was maid of honor, and the best man was Manuel Maciel, brother of the bride.

Following the ceremony, lunch was served at the International Kitchen.

The young couple will make their home in Minneapolis, where Lawrence is stationed at the Naval Air Station.

Madera County had 1900 farms in 1950, according to the Census of Agriculture of that year.

DESIGN KEY TO BUILDING STRENGTH, KRAFTILE DEALERS TOLD HERE

Design of a structure, rather than materials used in its construction, is the key factor in making buildings earthquake safe, according to R. W. Harrington, Regional Manager of the Structural Clay Products Institute.

Harrington was principal speaker at the Kraftile Company's Fifth Annual "Dealers' Day" held May 19, at its Niles plant. Harrington used photographic slides taken immediately after the 1952 earthquake at Bakersfield and showing damage to steel, reinforced concrete, concrete block, brick and wood structures, to illustrate his point.

"Almost without exception," he said, "the severely damaged

buildings were those of a type of construction in vogue 25 to 40 years ago, which is illegal today. Those buildings erected in conformity to modern standards of design and engineering whether they used masonry or other materials-withstood the severe earth shocks and showed little important damage.

"It is proof such as this, showing what improved modern design and engineering have accomplished, which is helping dealers everywhere to open up new markets for tile and brick."

Sixty-nine Kraftile dealers and guests from throughout Northern California attended the meeting, which opened with a luncheon at the International Kitchen at Niles and included a tour of the Kraftile plant.

In addition to Mr. Harrington's address, which was introduced by J. B. Crawford, Vice-President in Charge of Sales for Kraftile, talks were made by C. W. Kraft, President; W. M. Schulte, Traffic Manager, on improved dealer service; and L. R. Alt, who is in charge of production on the company's half-million dollar modernization program.

Alt said that the program, which is now well into its second phase, includes new clay preparation and production equipment installations designed to make the plant one of the most modern structural clay products plants in the world.

Oakland CC Plan For Township

Agreement on the first composite "all-interests" proposal for a master plan for Eden and Washington Townships is in sight, the Land Development Committee of Alameda County reported last week.

Four of five sub-committees of the Oakland Chamber of Commerce sponsored group have filed reports covering individual plans for residential, industrial, commercial, and utilities planning and an agricultural zoning recommendation is expected to be submitted within a few days, committee chairman Robert T. Nahas said.

When the agricultural report is received, the five-sub-committees will meet to blend their individual plans into a master plan for the two townships, which then will be submitted to the Alameda County Board of Supervisors and the various local and county planning commissions involved, Nahas said.

Composed of experts on the various subjects, the sub-committees have held numerous meetings with Government agencies, state and county highway departments, engineers and public officials, and they have ironed out many differences that have blocked previous efforts to develop a master plan, the real estate developer added.

WINNER — Bud Dickerson (center), Washington Hi student, is congratulated by Bernardo Post VFW Auxiliary officials Janice Roethlin (left) and Violet Kleine on his success in recent VFW District essay contest. Bud now will compete in State VFW finals.

EXHIBITORS VIE FOR \$61,000 IN ALAMEDA COUNTY FAIR PRIZES

Work crews are stepping up activity for the annual Alameda County Fair that opens a 14-day run here Monday, June 21.

The Exposition's 26 departments featuring the economic and agricultural wealth of the county are completing arrangements for an anticipated record breaking total of entries.

The offer of more than \$61,000 in premium money is the chief lure that has housewives, farmers, cattle men, nursery men, artists, photographers, poultry men, industrialists and Future Farmer and 4-H youngsters readying their products for the traditional Fair that will run through July 4.

Entertainment wrapped around "name" performers, 12 days pari-mutuel horse racing, and special Boys Clubs' events will add color to the Fair, according to Wray L. Bergstrom, secretary-manager of the overall production.

Only five spaces remain in the Commercial Building, Bergstrom reported and they will be

filled on a first-come, first served basis.

Entries are being accepted now at the Fairgrounds in the home economics, agriculture, horticulture, floriculture, art and photography, and cattle, swine, Bergstrom said.

Among the organizations that have entered exhibits in the Agriculture Horticulture building are:

Livermore-Pleasanton Center; Mountain House Farm Center, Eden-Washington Farm Center, Nisei Growers, Castro Valley Farm Center, Farm and Home Advisor; East Bay Producers Milk Council, Castro Valley Chamber of Commerce, Pleasanton Farm Home Department, Independent Farm Home Department; Castro Valley Farm Home Center; Hayward Extension Group, South East Bay Girl Scouts; Alameda and Contra Costa County Optometric Association; Alameda County Department of Weights and Measures; Alameda County 4-H Club and Hayward Young Farmers.

Editor, Sir:

As Campaign Chairman of the 1954 Fund Drive for the United Cerebral Palsy Association of Alameda County, I would like to thank you for the fine publicity you are giving to our current drive.

This year's campaign will culminate on Friday night, June 4, when 5,000 volunteer workers will participate in the Cerebral Palsy Neighborhood March. At this time it is anticipated that each home in Alameda County will be visited by a volunteer worker.

Your support of our endeavors is of great assistance to us in placing before the public the work of this Association and the plans for a much needed Cerebral Palsy Center in this community.

Thank you again for your cooperation, which will make it easier to realize our 1954 campaign goal.

Sincerely,
J. FRANK COAKLEY,

We are certain that their desire to be elected will now be transferred to a desire to serve our community faithfully as they discharge the duties of trustees with capable, honest and progressive minds. Congrats also to Sam Scott who received a substantial complimentary vote.

THE STORK zoomed in for a three-corned landing at East Oakland Hospital on Monday, May 17 with a cute little baby girl for Kenneth and

It's a boy That's the word given to Edward Jackson on Monday, May 17 when his wife, Eunice, gave birth to their fourth child at Alameda Hospital. We hear the Mariners had a great time at their family night pot-luck dinner meeting recently. The entertainment furnished by their own youngsters provided the right amount of hilarity to make the evening enjoyable. Frank and Yvonne Gyax and Bob and Lillian Lloyd were chairmen for the evening.

A happy game of follow-the-leader had near tragic consequences last week when Peggy Barks, 11, fell on top of the picket fence at her home and received a deep gash five inches long in her lower abdomen. She was immediately rushed to Dr. Clark's office where the wound was closed with 32 stitches. Peggy returned home and is healing nicely although she couldn't get well in time to do any celebrating of her birthday last Friday. Her playmates were Carey Jackson and her sister Shirley.

In Los Ranchitos

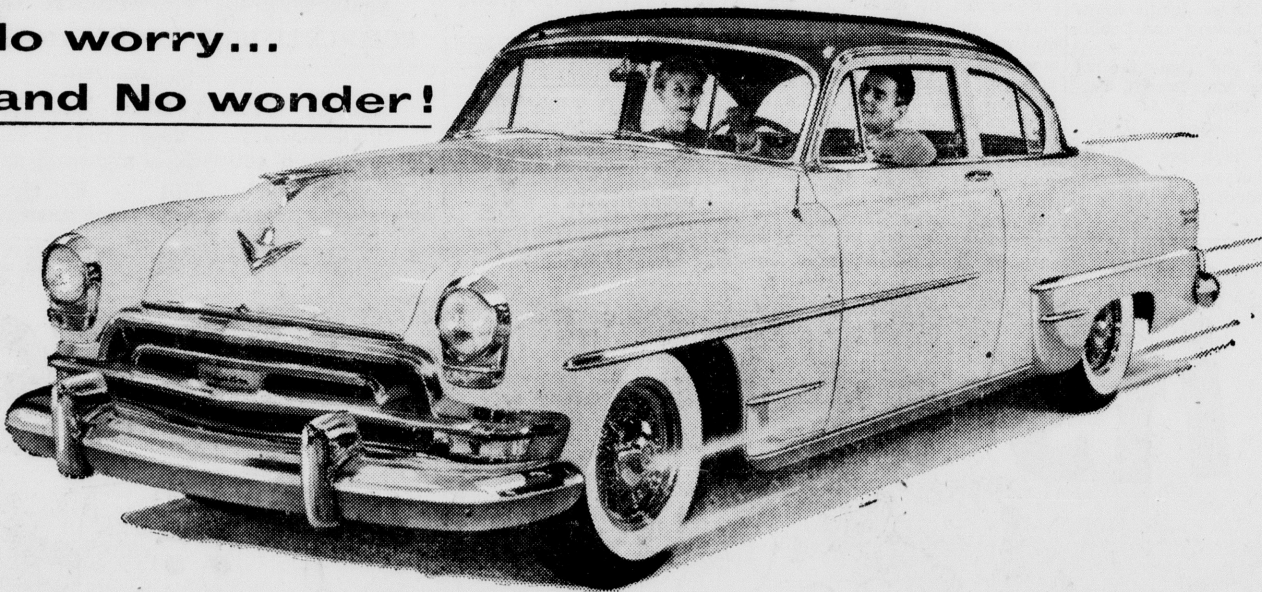

When the first homes in the Los Ranchitos tract were built in Newark nearly a year ago, some of the first settlers met at each others homes to do the family mending in congenial company. They have been meeting regularly ever since, so last Wednesday while sewing at Marge Young's home, they decided to formalize the sewing circle by forming a club, complete with officers, emblems, dues, social events and a project.

The emblem of the Sew-Happy club is felt pierced with a needle surrounded by crocheted musical notes.

Barbara Eicher is president, Marge Young, secretary-treasurer, and Ruth Spence, publicity chairman. Other members are Ina Veleco, Jacqueline Hess, Evelyn Jensen, Mary Davis, Jean Richards, Dorothy Boone, Francis De Le Cruz, and Allie Lockhart. They meet on the second and last Wednesday of each month; Evelyn Jensen will be hostess May 26.

As their project, they will devote two months before Christmas to making stuffed toys for hospitalized children.

This Week's Question: What is your opinion of the suggestion that Niles canyon be made into a state park and recreation area?

"Yes, I think it's a good deal," H. W. Naas, Newark.
 "I have not thought too much about it, but it might be a good idea," A. J. Harris, Box 183, Centerville.
 "I sort of like the idea myself," Mrs. C. A. Musgrove, P. O. Box 566 Niles.
 "I think it would be a good idea," Mrs. Hilda Rodriguez, 281 Walnut Ave., Centerville.
 "I went up there the other

day, and I had to pay, so I'd like to see it made into a free park," Mrs. Madeline Silva, P. O. Box 101, Irvington.

"I would rather have it for a public park and recreation place," Austin Waldron, 343 South Main, Centerville.

"I think it would be a good thing, I would be in favor of it," T. A. Geer, 776 Deborah Street, Newark.

"I think it would be alright, myself," Douglas Stinnett, P. O. Box 896, Niles.

"I think it's a pretty good idea," Milton Sands, 126 Towers Way, Centerville.

"I don't know too much about that area, but it's nice, so it might be a good idea," Mrs. James Riedstra, 776 Bonnie, Newark.

"I think this particular area needs a recreation place where children can go for proper play. It would bring a lot of people into this area," Mrs. Frances Hawkins, P. O. Box 14, Niles.

"I think it would be a very good idea," Robert Kennedy, Box 68A, Mission San Jose.

"I think it should," M. Swartz, 153 H Street, Niles.

"I think it would be a good idea. It is more or less park area now," Mrs. Ronald Glantz, 2657 Noel Street, Newark.

"I think it would be lovely," Mrs. Nadine Price, Niles Theatre.

"I think it would be wonderful. We're just new here, but I think it would help the whole area," Mrs. Fred Henning, 459 Rogers, Centerville.

KAHLERS HOME

Mr. and Mrs. Earl Kahler were happy to come back to their home in Newark last week after a month's visit in Cleveland and Coshocton, Ohio, where it rained every single day they were there.

SUZY SEZ...

Anyone who has gone down Parrish in Centerville when a meeting is in progress at the Township Country Club will agree they need more parking space.

The children are still talking about these refreshments they had at a recent party: a chocolate doughnut with ice-cream on top, sprinkled with nuts.

Don't some of those ranchers irrigating look as though they are having the time of their lives, wading and splashing in that water?

It's surprising how many Township families don't know their street address; they're so used to getting mail at the post offices.

Because his wife is dieting, a Niles man had to buy some cake, and then eat it at a neighbor's house, so as not to tempt her.

He's just asking for an accident! that Irvington man who travels with his little daughter on his lap when he drives.

You can change the taste of breakfast food by using one of those cinnamon-and-sugar mixtures on it.

A Hillview Crest mother says she knows her son is really hurt he sets up a howl before he even has attention.

The reason those Centerville trucks no longer have the signs, "flying disk" or "flying saucers" on the front is that they've been sold to another firm.

Don't complain about the results of the election last Friday unless you were among those who voted!

In case you haven't been there lately, remember to slow down before you cross the tracks south of Alvarado on Highway 17. They're mighty rough.

One Newark man is glad his vacation is over. Everywhere they went his wife got ideas on how to do some more fixing-up of the house. He says he'll be busy until next year, when she'll get more ideas.

It took a minute before I figured out that my youngest meant "fiscal" when he asked: "What's a physical year?"

If you politicians want my vote, I'd like to suggest you turn the volume down a bit on your sound trucks.

A volunteer worker who was looking for help says she can't accept the statement that "we're too busy to help", when some mothers of four or more find time to do the work, and those with only one or two do nothing.

An expectant mother in Centerville said after seeing the "permitted food list," that the doctors take all the enjoyment out of pregnancy. Her mother tells of the "eating for two" she did and her daughter wishes she could do the same now.

Never again will I hum another song older than 1950. I was singing one that's over fifty years old, and was asked by my youngest if I sang it when I was a little girl in the old days!

It would save time if you new home owners would write all room and window measurements in a note book and keep them handy in your purse. Then your purchases will be sure to fit.

I wonder if back-seat driving originated on a bicycle built for two?

So long. . . .

DR. GRIMMER HEADS WATER DISTRICT

Dr. E. M. Grimmer of Irvington has been named president of the Alameda County Water District, succeeding W. D. Patterson who has headed the board for the past 20 years.

Patterson was a charter member of the board, formed in 1914. The late J. C. Shinn was the first chairman and was succeeded by Patterson, who is also president of the Alameda County Flood Control and Water Conservation District. He will continue to serve, as vice president of the water district.

ST. JAMES CHURCH TO MOVE, LUTHERANS DISCLOSE PLANS FOR BIG PROJECT

Expansion plans were announced here last week by three Township churches.

St. James Episcopal Church Committee members disclosed they have bought two acres on Santos Road from the Alameda County Water District and will move the 1867-vintage church to the new site at some undetermined future date.

The Centerville Lutheran Church now numbering more than 75 members after a small beginning here a year ago, also has plans for a \$250,000 investment on its 2½-acre site across from the high school.

And work will start soon on a combined church-and-subdivision for the Latter Day Saints on Fremont Avenue, east of the County Building.

St. James Church has been planning to move for some time, according to Claire Lopez, chairman of its real estate committee. Its present location, on Main at Thorn-

ton, is considered too close to heavy traffic, Lopez said.

The two acres on Santos Road were bought for a reported \$7000. Lopez said no decision has been reached on whether to move the rectory or Guild Hall to the new site. The present location which includes the Thornton-Main corner probably will be sold for commercial purposes.

The Lutheran Church is planning eventual construction of (1) a sanctuary, with a seating capacity of 500, (2) a parochial school, and (3) a home for parsons and teachers.

Initial plans, however, call for building a \$45,000 combination parish hall-Sunday School-social hall. First blueprints for this structure were to be viewed this week. Present services are being held in a home on the site.

California ranked fourth in the production of apples in 1952.

CENTERVILLE PRESBYTERIANS FORM CEMETERY CARE ORGANIZATION

Plans for the perpetual care of the historic cemetery of the Centerville Presbyterian Church were made May 9 by the church Board of Trustees.

A perpetual-care committee, formed by the board, has as charter members Mrs. Dora Weber, chairman, Mrs. Rilla Bennett, Miss Margaret Fair, Mrs. Christine Hygelund, Joe Sheppard, and Dr. William Urban. The cemetery has long faced the problem of an overgrowth of vegetation, and it is the plan of the church now to give the cemetery year-around care.

The cemetery was cleared of overgrowth for the centennial June 7, 1953, and again this past week, and will henceforth be maintained in its present condition. The committee plans also to compile a brief history of the cemetery, which is one of the oldest in Alameda county. The first grave is reputed to be dated 1847. It was officially made the church cemetery in 1858. The grave of the Rev. William W. Brier, founder and first minister of the Centerville church, is located in the cemetery just south of the church building.

Mr. Brier also organized the Presbyterian churches in Marysville, Alvarado, Livermore, Pleasanton, and Milpitas. A redwood fence, marking the front boundaries of the cemetery, has just been completed, and a wire fence now encloses the other three sides.

The committee is hoping to make contact with all resident plot-holders, and relatives may call Mrs. Harry Weber of Centerville.
